

# ELECTRICAL ELECTRICAL ELECTRICAL

In the electrical engineering field, Cook Engineering is recognized for strength in power distribution, control and automation systems. We specialize in systems from 600V to 120kV. Our electrical designers lead the project from conceptual design and preliminary plan development, through equipment specification, to detailed design.

- Power Distribution Systems
- Relay Protection and Coordination
- PLC Programming and Graphics Layout
- Instrumentation and Process Control
- Distributed Control Systems
- SCADA Systems
- Cabinet Design
- Variable Speed Drives
- Motor Control
- Fire Protection
- Building Services, Lighting, Grounding
- Start-up and Commissioning Services
