

TRANSPORTATION TRANSPORTATION TRANSPORTATION

Our team of professionals are available to plan, design, restore or evaluate bridge, roadway and culvert structures. We continue to provide Total Project Management (TPM) engineering services to both governmental and private sector clients. Highway resurfacing, grading, drainage, granular base and new paving projects including realignment have become a growing part of the services provided.

- Bridge Design in Steel, Concrete, Timber
- Culverts in Concrete, Multiplate, and Steel
- Highway, Railway, Pedestrian bridges
- Hydrology
- Highway Resurfacing
- Roadway Realignment
- Temporary Illumination and Signalization
- Construction Management
- Permits and Approvals
- Life Cycle Analysis
- Inspection Services
- Tendering Strategies
